Privacy Policy

Reddy for walkies

Last updated: 7 November 2026

Who we are

Reddy for walkies is a dog walking business based in Cannock, Staffordshire. We are responsible for the personal information you give us through our website and when you use our services.

Contact: reddyforwalkies@gmail.com

What information we collect

When you enquire through our contact form, we collect:

- your name
- your email address
- the contents of your message

If you become a customer, we may also ask you for:

- your home address and phone number
- details about your dog (name, breed, age, behaviour and health or medical needs)
- your vet's details
- an emergency contact (please make sure they are happy for you to give us their details)
- how to access your home, such as a key or keysafe code

We only ask for what we need to look after your dog safely. We may collect this by email, text, phone or in person.

Why we use it

We use your information to reply to your enquiry and, if you go ahead, to provide your dog walking service: collecting your dog, keeping them safe, contacting you or your vet in an emergency, and handling payment. We do not use it for marketing unless you ask us to, and we never sell it.

Lawful basis:

- **Enquiries:** legitimate interests (responding to people who contact us) and taking steps at your request before entering into a contract.
- **Customers:** contract (we need your details to provide the service you have booked). Where we hold an emergency contact or vet details, it is also in your and your dog's vital interests and our legitimate interests to be able to contact them if something goes wrong.

Who we share it with

Your form submission is handled by **Web3Forms**, a form service that receives your message and forwards it to our email inbox. Our email and any stored records are provided by **Google (Gmail and Google Workspace)**. These providers process your information on our behalf and only for this purpose. Some of their servers may be located outside the UK, in which case appropriate

safeguards should apply.

If your dog needs urgent care, we may share relevant details with your vet. We do not share your information with anyone else unless the law requires us to.

How we keep it safe

We keep customer details in password-protected devices and accounts. We do not label keys with your full address, and we avoid sharing access codes in plain text where we can. We delete access details when we stop providing your service.

How long we keep it

- **Enquiries that do not lead to a booking:** deleted after 12 months.
- **Active customers:** kept while we provide services to you.
- **Former customers:** access details (keys and codes) are deleted when the service ends; other records are kept for up to 12 months afterwards, or longer only where needed for accounts or legal reasons.

Cookies

Our website does not use cookies for tracking or advertising.

Your rights

Under UK data protection law you have the right to:

- ask for a copy of the information we hold about you
- ask us to correct anything that is wrong
- ask us to delete your information
- object to or ask us to restrict how we use it

To use any of these rights, email us at reddyforwalkies@gmail.com.

Complaints

If you are unhappy with how we have handled your information, please contact us first. You also have the right to complain to the Information Commissioner's Office (ICO) at ico.org.uk or on 0303 123 1113.

Changes to this policy

We may update this policy from time to time. The latest version will always be available on our website.
